

...but is still able to provide street orphans with homes, families, healthcare, education, computer skills and job skills.

The mission:

To create

- economically self-sufficient,
- environmentally green,
- high-technology based

Communities in which street orphans

- live in a family,
 - have surrogate parents and grandparents,
 - receive healthcare,
 - continue their education,
 - learn how to use computers,
 - participate in social & recreational activities,
 - receive job skills training and
 - have a chance to attend college so they
- are better prepared for their and their country's future.**

www.orphancommunities.org

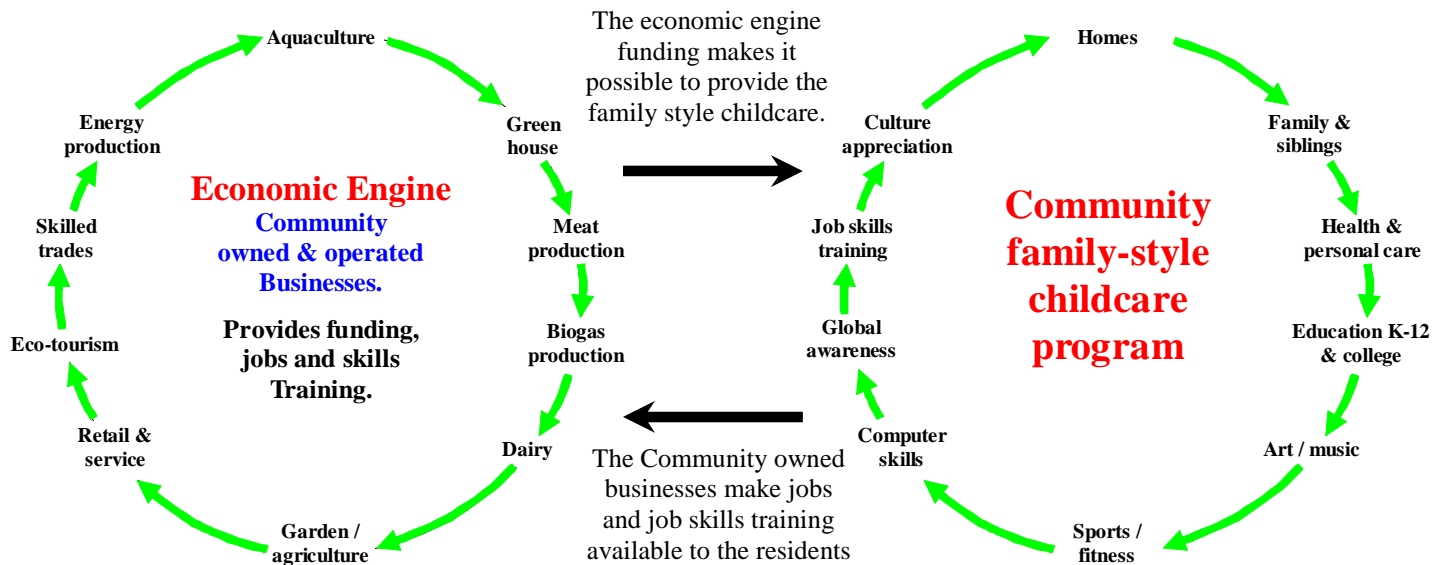

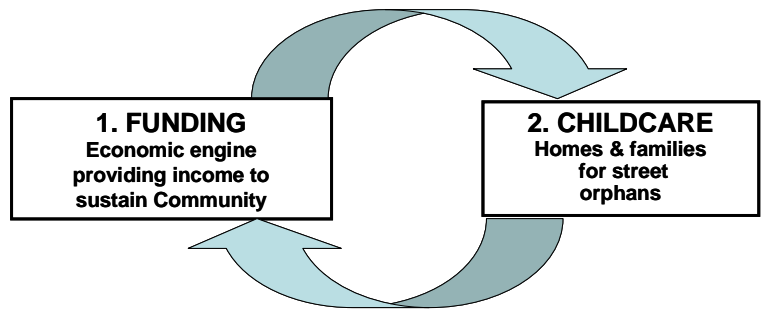

Our project is to create an economically self-sufficient charity serving street orphans *that does not keep asking you for more money all the time...*

Our volunteer teams are currently working together to create the business plans for the Community owned businesses (**1. Funding**) that will provide funding for the childcare activities (**2. Childcare**).

Also, teams are working on the design and development of the Community, the home design, the operating guidelines, childcare policies, the grants that are needed, operations funding and so much more.

If you think this is a good idea, we have a place on a team where you can help. Contact us today.

The Economic Model

Some of the teams that are working on this project include the following.

Let us know which teams you can help or contact us to discuss how you can participate.

Business plan writing	Community development	Home design-architecture	Guidelines for childcare	Guidelines for Community
Selection of orphans	Selection of surrogates	PR/articles, newsletters	Volunteer recruitment	Grant writing
Fundraising & donations	Website maintenance	Brochure creation	International contacts	Computer network
Accounting & Bookkeeping	Legal advice	Wireless internet	Job skills training	And much more.

Look at what we have done already! www.orphancommunities.org.

If, instead of volunteering, you prefer to make a donation of cash, vehicles, stocks, property or other items, just contact us at 719-379-3755, info@orphancommunities.org, or you may also donate directly on our website.

On behalf of the children to be helped by this project, thank you.
